

Become a Client *Magnet*

Build a brand that brings clients in your sleep, with the
5-Step Client Magnet System.

What is *your* brand?

*If you don't know who you
are, how would anyone else?*

BEFORE I EVER SOLD A HOUSE

I spent over a decade designing brands.

Dolly Parton Snoop Dogg Food Network Super Bowl LII Eric Church
Alan Jackson Hormel Anytime Fitness

They all have one thing in common... they have clarity in who they are.

*Clear is kind. Unclear is
unkind.*

BRENÉ BROWN

Not having clarity isn't a skill problem. It's a *brand* problem.

And it's fixable. The agents winning right now built something that works while they sleep.

In our time together I'll give you the system. You leave with a one-page plan, and you walk out that door with clarity.

First, here's what's happening right now.

WHY THIS MATTERS NOW

Your brand decides whether you're *the answer, or invisible.*

81%

of sellers contact only one agent before they choose. The one they already trust.

NAR PROFILE OF HOME BUYERS & SELLERS, 2024

67%

of buyer agent-research now runs through AI tools, up from 17% just 18 months ago. Zillow's discovery share fell for the first time.

YAHOO FINANCE · FLYDRAGON 2026

91%

of real estate agents are invisible to AI search. The room is wide open.

YAHOO FINANCE · FLYDRAGON 2026

Buyers pick one agent. Now they ask AI to find them.

FOUNDATION

What makes a brand bad?

Vague. You could be any agent. Nothing specific to grab onto.

Inconsistent. A different name, message, and look everywhere. No single picture forms, and AI can't corroborate you.

All about you. Awards and "just sold," not the client's outcome.

Forgettable. A claim with no proof and nothing distinct to remember.

A bad brand confuses. A confused buyer calls someone else.

This is what a brand isn't.

YOU THINK YOUR BRAND IS

WHAT IT ACTUALLY IS

a mark

an identity system

a tool

a channel

a line of copy

a photo

None of these are your brand. They're just what shapes it.

Let's run an
experiment.

A BRAND, DEFINED

WEBSTER'S

brand (n.) a public image, *reputation, or identity* conceived of as something to be marketed or promoted.

JEFF BEZOS

"Your brand is what other people say about you *when you're not in the room.*"

MY DEFINITION

A brand is the *gut-level answer* in someone's head the moment your name comes up.

LET'S RUN AN EXPERIMENT

You need three things.

 Pen  Paper  90 seconds

*Write the exact sentence you want
a past client to say about you when
you're not in the room.*

1:30

START

key: T start / pause · R reset

*If a brand is the **picture in someone's head**, then your whole job is to control that picture.*

THE 5-STEP CLIENT MAGNET SYSTEM

- B** Be specific
- R** Reinforce with proof
- A** Assets that compound
- N** Name visibility
- D** Drumbeat

B · BE SPECIFIC

Generalists drown. *Specialists get found.*

Person

The specific human you serve. Ex: empty-nesters 60 to 75 in the north metro.

Problem

The emotional pain under the logistics. Ex: "stuck between selling and being homeless."

Process

Your named 2 to 4 step method. Ex: "The Downsize Without the Dread System."

THE SWEET SPOT · WHERE YOUR NICHE LIVES

Stay in one circle and you're a **generalist**. Land in the middle and you're a **magnet**.

B • BE SPECIFIC • YOUR POSITIONING SENTENCE

I help [person] achieve [outcome] without [the dread]. Unlike the common approach, my [named process] means they finally [the dream outcome].

EXAMPLE *I help empty-nesters sell the family home for top dollar without the chaos of moving twice. Unlike agents who just list and wait, my Downsize Without the Dread System means they finally land in the right next place, stress-free.*

You can't be recommended for everything. You get recommended for one thing.

R · REINFORCE WITH PROOF

Claim $\times$ Evidence $=$ Trust

Results

Specific numbers and sold stories, not adjectives. Ex: "Sold 14 homes in Maple Grove last year, average 3 days on market."

Specificity

Niche knowledge that proves you live in their world. Ex: which streets flood, which schools have waitlists, which HOAs allow rentals.

Reviews

The discovery signal buyers, sellers, and AI all read. Ex: 40+ five-star Google reviews that name the neighborhood.

Reviews without clarity is noise. Clarity without reviews is invisible.

A · ASSETS THAT COMPOUND

Short-form gets you found. *Owned assets get you chosen.*

Posting is powerful, it's how people discover you. The move is pointing that attention at assets you own.

- 1 An identical bio everywhere**
Same niche, city, and one-liner on your site, Zillow, Google, and socials.
- 2 A real landing page**
One page that says who you serve and how to reach you.
- 3 Your Google Business Profile**
Claimed and complete, with photos and weekly posts.
- 4 One signature piece of content**
A neighborhood guide, a market video, or a buyer playbook.
- 5 A consistent visual identity**
The same headshot, colors, and font everywhere.

Owned assets compound into trust, and AI recommendations, while you sleep.

N · NAME VISIBILITY

AI recommends *what it can read.*

Realtor.com now runs inside ChatGPT, surfacing agents by niche clarity. The specialist gets recommended. The generalist never surfaces.

- Fix inconsistent name and info across the web
- Fix a thin or unclaimed Google profile
- Fix a site that never says who you serve, or where

Reviews are discovery. Niche clarity is recommendation. You need both.

A few small moves, *every week.*

Drumbeat is your weekly rhythm. The 30-day build sets your brand up. The drumbeat keeps it compounding, about 15 minutes a day, three days a week.

..
MONDAY

Publish

One post: a sold story, a market stat, or a quick tip for buyers or sellers.

..
WEDNESDAY

Ask

One review or referral request to a past client.

..
FRIDAY

Sharpen

Improve one asset: refresh your bio, add a testimonial, or post to your Google profile.

PRO TIP Put all three on your calendar as recurring events and set an alarm on your phone for each. The drumbeat only works if it actually happens.

The system is always on so you don't have to be.

STEP 02 · SAY IT WORD FOR WORD

The *Promise Script*.

After you have walked them through the steps, before you let them go.

“I’m happy for you. One last thing before I let you go, would you be able to help me with something?”

Would you say we are knocking it out of the park for you?

That makes me so glad to hear. You guys are great, and great people know great people. And we love working with great people.

By the time we are at our final walk-through, taking photos and I hand you the keys to your new house, would you introduce me to someone you know that we could also knock it out of the park for them too?

You promise?”

BEFORE YOU GO

Walk away with *three principles.*

01 Be specific, or be invisible.

The generalist drowns. The specialist gets found, chosen, and recommended. Pick your lane and own it.

02 Proof beats promises.

Stop telling people you're the best. Show them. Reviews, real numbers, and sold stories do the convincing for you.

03 The close is the beginning.

Your next three clients are inside your last one. Stay close, on purpose, all year, and the referrals compound.

Think about where you started. You didn't get into real estate to close transactions. You got in to work with people. To be the person someone calls when one of the biggest moments of their life is on the line.

And somewhere along the way, the pressure crept in. Be everywhere. Answer everyone. Be every agent's answer.

So here's what I want you to walk out of here knowing.

That pressure is the exact thing holding you back.

*Niching down doesn't cost
you people.*

*It's the only thing that brings
the right ones to you.*
