What's moving in AI.

AI NEWS

AI reads your words, not just your data.

Inman (June 30): as buyers search through ChatGPT and Claude, AI no longer just reads a listing's structured data. **It reads the story.** Narrative words are now "searchable," and Kleio's CEO put it plainly: **input quality determines output quality.** Generic copy won't cut it.

You wrote your positioning.

- **Mechanism:** why your way works.

THE CITED SERIES • DEPLOY IT

Now put it where AI looks.

- **Claim:** the exact words AI repeats.
- **Index • Trust • Entity:** the profiles it reads.
- **Domain:** the one source you own.

Who wants *extra accountability*?

WEEK 05

— THE FRAMEWORK —

Five places AI *looks for you.*

C • CLAIM

Your positioning statement: the exact words AI repeats about you.

I • INDEX

Your Zillow profile: a live signal feeding ChatGPT.

T • TRUST

Your Realtor.com profile: the cross-check on your credibility.

E • ENTITY

Your Google Business Profile: the most-trusted entity source.

D • DOMAIN

Your personal landing page: the one source you actually own.

Miss one and AI hesitates. Line up all five and it names you with confidence. **We start where it begins: your Claim.**

The agent AI *can't name.*

AI doesn't recommend the "best" agent. It recommends the one it can describe in a sentence. If it can't say what you do, you're not in the answer.

THE INVISIBLE 91%

"A great agent. Full-service. Ask me anything."

RESULT · AI HAS NOTHING TO REPEAT. IT SKIPS YOU.

THE CITED 9% · THE WINNER

"She helps north-metro empty-nesters downsize without getting stuck between two homes."

RESULT · AI HAS AN EXACT SENTENCE TO NAME YOU WITH.

Same experience. Same market. **One handed AI a Claim to repeat.** The other handed it a shrug. That's the whole game today.

The words AI *repeats*.

Your Claim is your positioning statement boiled to one clean sentence, the exact language every other profile will echo, so AI hears the same thing everywhere and trusts it.

WHAT A CLAIM IS

- One sentence: **who you serve, the outcome, minus the dread.**
- The **same words** on every profile, no variations.
- Specific enough that AI can **match a buyer to you.**

WHY IT'S FIRST (THE C)

- Every other letter (**I · T · E · D**) repeats your Claim.
- Saying the **same thing everywhere** is AI's #1 trust signal.
- Lock the words now, then place them for four weeks.

Kayla's Claim.

Kayla ran the 3-week build. Here's her one-sentence Claim, the exact words she'll now drop onto all five profiles.

"I help **north-metro empty-nesters** sell the family home for top dollar and land in the right next chapter, **without getting stuck between two homes**, with my **Bridge Plan**."

THAT'S HER CLAIM

One sentence. **Identical** on Zillow, Realtor.com, Google, and her site. So when someone asks ChatGPT "who helps downsizers in the north metro?" It has Kayla's exact words to repeat back.

Make it *repeatable*.

A Claim only works if it's one plain sentence you (and AI) can repeat verbatim. Tighten it until it passes three tests.

THE 3 TESTS

- **Say it in one breath:** run out of air and it's too long.
- **A 12-year-old gets it:** no jargon, no "full-service."
- **It names a person + a problem:** not a service list.

THEN DO THIS

- Write the **final sentence** in the workbook.
- Read it **out loud** in the room today.
- Post it in the community. **Next week we Index it on Zillow.**

PERMISSION GRANTED

Don't polish forever. A clear, working Claim you actually deploy beats a perfect one that never leaves the workbook. Lock it today.

Now *read it off.*

This is the moment. One at a time, read your Claim out loud to the room. We react in real time (is it clear? could AI repeat it?) and sharpen on the spot.

"I help [your person] achieve [the outcome] without [the thing they dread], with my [named mechanism]."

DO THIS TODAY

Read your Claim out loud. Lock the final words in the workbook and drop them in YourInnerCirql.com. **Next Wednesday we put your Claim on Zillow.**
Week 2: Index.

— THE CITED SERIES • WEEK 2 OF 5 —

Get *Indexed.*

Wed Jul 8 • 10 AM CT. We take the Claim you locked today and put it on your **Zillow profile**, the live signal that feeds ChatGPT. Bring your locked Claim.

Workshop.
