WEEK 05

— THE FRAMEWORK —

Five places AI *looks for you.*

C • CLAIM

Your positioning statement: the exact words AI repeats about you.

I • INDEX

Your Zillow profile: a high-authority page AI reads about you.

T • TRUST

Your Realtor.com profile: the cross-check on your credibility.

E • ENTITY

Your Google Business Profile: the most-trusted entity source.

D • DOMAIN

Your personal landing page: the one source you actually own.

This week we work the **D**: your **landing page**.

The hub at the *center*.

Every profile you fixed this month is a spoke. AI keeps looking for the hub: one page that ties the whole identity together. Most agents do not have one.

THE SCATTERED AGENT

Four good profiles that never point anywhere. No page that says: this is me, in full.

RESULT · SIGNALS STAY SCATTERED AND THE STORY STAYS INCOMPLETE.

THE OWNED DOMAIN · THE WINNER

One clean page: her Claim as the headline, her mechanism explained, reviews pulled in, every profile linked.

RESULT · AI FINDS THE HUB, CONNECTS EVERY SPOKE, AND CITES IT.

Portals are rented. Algorithms change. **Your domain is the one CITED asset nobody can edit but you.** That is the whole game today.

Own the *source*.

Domain means one simple landing page you control: your Claim as the headline, your story underneath, and links that stitch all five sources into one entity.

WHY THE DOMAIN IS THE D

- It is the only source **you fully control**.
- A consistent owned site becomes the **canonical you**.
- Links from your page **connect the entity** across profiles.

WHAT DOMAIN LOOKS LIKE

- Your **Claim as the H1** headline.
- Your **mechanism story** in plain words.
- Links to **Zillow, Realtor.com, and Google** so AI connects the dots.

Kayla's page.

One page, one story. Here is Kayla's domain that ties her whole CITED build together.

Headline: her **Claim**. Below it: her **mechanism** in six lines, her best reviews pulled from the portals, and links to every profile. One page, and the whole entity **clicks into place**.

WHY IT WORKS

Now every search AI runs ends at the same place: **a source Kayla owns**, saying exactly what four other sources already confirmed.

THIS WEEK'S MOVES

TEACHING 4 OF 5

One page. One Claim. *All roads home.*

You do not need a 20-page website. You need one clean page that says who you are and links the proof.

DO THIS WEEK

- **Publish** a one-page site (or clean up the one you have).
- **Headline = your Claim.** Story = your mechanism.
- **Link out** to Zillow, Realtor.com, and your GBP. Link back from each where possible.

KEEP IT SIMPLE

- A simple landing page beats a big site **you never finish.**
- Reuse the **same headshot** as your profiles.
- Ask us in the workshop: **we will help you ship it.**

PERMISSION GRANTED

Done beats perfect. A live one-pager this week beats a beautiful site in September.

CITED, *complete.*

Five weeks, five sources, one story. Claim locked, Zillow indexed, Realtor.com aligned, Google verified, domain live. You are now the agent AI can name with confidence.

C *[locked]* · I *[indexed]* · T *[aligned]* · E *[verified]* · D

[live]

KEEP THE RHYTHM

The build is done but the rhythm is not: **one review ask a week** and touch one profile a month. Post your finished CITED stack in YourInnerCirql.com and we celebrate it next Wednesday.
